

# SOUFRIERE VOLCANO AGAIN SENDS FORTH BALLS OF FIRE.

## SENDS OUT BALLS OF FIRE. DESTRUCTION EVERYWHERE. CONDITIONS ARE AWFUL. THE STENCH IS AWFUL. HARD TO GIVE MONEY. MINERS WILL GO ON STRIKE. WARSHIPS SENT OUT. FAIR AT SACRAMENTO.

### Soufriere Volcano is Again in a State of Eruption.

CASTRIES, ISLAND OF ST. LUCIA, TUESDAY, MAY 13.—THE SOUFRIERE VOLCANO ON THE ISLAND OF ST. VINCENT IS STILL IN DESTRUCTIVE ERUPTION. A TERRIFIC CANNONADE CAN BE HEARD A HUNDRED MILES AWAY.

THE REPORTS ARE FOLLOWED BY COLUMNS OF SMOKE, RISING MILES IN THE AIR.

FIRE ALSO ISSUE FROM THE CRATER. LIGHTNING IS PLAYING FIERCELY IN THE UPPER SKY AND THE WHOLE NORTHERN PART OF THE ISLAND IS ONE MASS OF TRAVELING FLAME.

IT IS IMPOSSIBLE TO REACH THE BURNING DISTRICT, BY LAND OR SEA AND THERE ARE NO MEANS OF ESTIMATING THE DESTRUCTION BROUGHT TO LIFE AND PROPERTY.

KINGSTON, THE CAPITAL OF ST. VINCENT, IS STILL SAFE, THOUGH SHOWERS OF ASHES AND PEBBLES ARE CONTINUALLY FALLING. THE VOLCANO ITSELF IS INVISIBLE.

### TAMMANY LEADER HAS RESIGNED.

NEW YORK, May 14.—Lewis Nixon resigned as leader of Tammany Hall this afternoon.

### RICH GIFTS MADE TO THE STATE UNIVERSITY.

D. O. Mills, Mrs. Hearst, Claus Spreckels and H. Weinstock Give to the College.

BERKELEY, May 14.—During the commencement exercises held at the University today, President Wheeler announced that gifts aggregating over \$50,000 had been made to the University by public spirited citizens. The largest contribution was from D. O. Mills, who sent the Regents a check for \$5,000.

Mrs. Phoebe Hearst has given \$5,000, H. Weinstock, of Sacramento, \$5,000, and Claus Spreckels, \$11,675.82.

Other numerous small sums have been received.

MILLS' LETTER.

The following communication from Mr. Mills is self explanatory.

"Mills Building, San Francisco.

"April 23, 1902.

"To the Board of Regents of the University of California, Gentlemen: Nearly twenty-one years have elapsed since the founding in the University of the Chair known, through your courteous action, as Mills Professorship of Intellectual and Moral Philosophy and Civil Policy. By your wise administration of the fund which I was able to offer you for the support of the Chair and its objects, the fund has itself been increased, and supplemented by judicious subsidies from your other resources, has become the basis for the present large and successful Department of Philosophy.

"Gratified at the result, and aware of the constantly increasing need of a greater income for the objects of the Department, I take pleasure in offering to your Board, as an addition to the present fund of \$100,000, the income of which is devoted to this purpose, the sum of fifty thousand dollars (\$50,000), for which I enclose my check.

"To this increase of the original trust I attach no other condition than that it shall be added to the original trust in my letter addressed to your Board under date of July 7, 1880, to which I here beg to refer.

"I will only add, that, as the present offer is intended to be a real increase of the total resources now applied to

### Governor of Windward Islands Makes Official Report.

LONDON, May 11.—The Governor of the Windward Islands, Sir Robert Llewellyn, telegraphs to the Colonial Office from the island of St. Vincent, under date of Tuesday, May 13th, as follows:

"I arrived here yesterday and found the state of affairs much worse than had been stated. The administrator's report shows that the country on the east coast between Robin Rock and Georgetown was apparently struck and devastated in a manner similar to that which destroyed St. Pierre, and that practically all living things in that radius were killed. Probably 1,000 persons lost their lives. The exact number will never be known. Managers and owners of the estates, with their families, and several of the better class of people have been killed. A thousand bodies have been found and burned. One hundred and sixty persons are in the hospital at Georgetown. Probably only six of this number will recover.

"The details of the disaster are too harrowing for description.

"I got, at St. Lucia, a coal steamer, which is running up and down the leeward coast with water and provisions. Twenty-two hundred persons have been received on board.

"I have asked for medical officers from Trinidad and Grenada. All the neighboring British colonies are assisting generously. Every effort is being made to grapple with the awful calamity.

"All of the best sugar estates in the Caribbean country are devastated and the cattle are dead.

"Anxiety is still felt. All the officers and residents are co-operating with me. The ladies are making burlap bags.

"Sir Frederic M. Hodgson, the Governor of Barbados, forwarded to the Colonial Office today the report of the Colonial Secretary, who has just returned from a visit to St. Pierre, Martinique, and Guadeloupe, to the island of St. Vincent. The Secretary compares the ignited matter which destroyed everything within an area of ten miles long by six wide to burning sealing wax. He adds, significantly, that the bodies of doctors are not required, as there are no wounds.

"Governor Hodgson estimates that two million tons of volcanic dust fell on the island of Barbados.

### CARMEN'S BALL EMPLOYEES OF UNITED RAILWAYS TO HAVE A SOCIAL TIME.

SAN FRANCISCO, May 14.—An event which is attracting considerable attention in railroad circles is the first annual ball to be given at Odd Fellows' Hall Wednesday evening, May 21, under the auspices of the United Brotherhood of Railway Employees, San Francisco Division No. 10.

It is the intention of the committee in charge to make the coming ball the event of the season. To accomplish this end no expense will be spared. Decorations, music and all the other necessities will be of the finest.

Mrs. James E. Murray will lead the grand march, accompanied by Mr. Murray, of the floor committee.

### MEDICAL MEN MEET. HOMEOPATHIC STATE SOCIETY IS IN SESSION AT DEL MONTE.

DEL MONTE, CAL., May 14.—The twenty-third annual session of the California State Homeopathic Medical Society opened here this morning and will continue until Saturday. Only one-half of the delegates have arrived as yet, but the remainder will come in during today. Full attendance is expected to reach 200, all parts of the State being represented. Dr. William Boeckle of San Francisco, president of the society, opened the body to order at 10 o'clock, and a short session was held, little more than the business of organization being accomplished.

Nothing of importance will be taken up until the full quota of delegates are present and today's work will consist chiefly of routine business.

### CUTTER WRECKED ON THE ROCKS

TUTUILA, Samoa, April 30.—The United States collier arrived in Pago Pago laden with coal for the Naval Station on the 28th of April.

On April 11th the cutter "Rosa" was wrecked near Grampus Rock in the outer portion of Pago Pago harbor. Light and variable winds prevailed at the time and in making a tack the vessel missed stays and drifted onto the reef. The owner of the wrecked cutter laid information against the master for causing away the ship. He was tried in the High Court of Tutuila before Capt. W. W. Kimball, U. S. N., and Judge Gurr. A commission was appointed consisting of officers of the U. S. S. "Albatross" to inquire into the cause of the wreck. Upon the report of the Commission to the court, the accused was discharged.

NOMINATED BY PRESIDENT

WASHINGTON, May 14.—The President today sent the following nominations to the Senate:

Infantry—Lieutenant Colonels to be Colonels, Edmund Rice, Second; Charles G. Pennym, Twenty-third.

### Associated Press Correspondent Describes St. Pierre.

CASTRIES, Island of St. Lucia, Tuesday, May 13.—The correspondent of the Associated Press here has visited St. Pierre, Martinique, by the relieving steamer Kenneth. The destruction there is appalling. The streets are two feet deep in ashes and cinders, which cover thousands of dead bodies, scorched black and shiny as if they had been plunged into boiling pitch. Many of the dead were never touched by the volcanic fire and some of the houses and woodwork destroyed show no signs of burning.

At L'Anse-au-Fort, in the southwestern portion of St. Pierre, the Town Hall is still standing as high as the first story, while at the fort, in the northwestern part of St. Pierre, the most massive stonework is calcined.

The church tower, built by the Jesuits two centuries ago, of cyclopean masonry work, is now like a huge heap of old metal.

Soldiers are guarding property from prowling ghouls who are robbing the dead. They meet with severe punishment when caught.

The stench at St. Pierre is terribly offensive. The streets are still obstructed by huge piles of debris and dead bodies. The work of clearing the thoroughfares will necessitate the employment of large numbers of men for many months.

Moudlage Rouge, near St. Pierre, is preserved, and Bassepoint and Macoua are still unharmed, but the volcano is still active and smoke and ashes are still blowing steadily northward. The surviving inhabitants are trying to cross from St. Pierre to the island of Dominica in boats. Many drowning casualties are reported.

Assistance is constantly arriving at Port de France from all the neighboring islands.

It has just been officially reported that there were 1600 dead up to yesterday at St. Vincent.

### PRESIDENT HARRIMAN WILL VISIT OAKLAND THIS AFTERNOON.

### CITIZENS INVITED TO MEET THE RAILROAD PRESIDENT.

\*\*\*\*\*

An excellent opportunity will be given the business men of Oakland to see E. H. Harriman, President of the Southern Pacific Company, this afternoon.

Mr. Harriman and party will arrive from San Francisco on the 4:35 o'clock boat.

They will be met at the broad gauge mole by a delegation from the Oakland Board of Trade, who will extend the hospitalities of the city to the distinguished visitor.

Carriages will be in readiness at Broadway and the party will be driven around the city, after which a reception will be held, at which an opportunity will be given the business men to meet Mr. Harriman.

The committee that will meet Mr. Harriman will consist of R. H. Chamberlain, J. C. Capwell, Isaac L. Requa, Sol Kahn, Edison F. Adams, W. F. Kelly and John A. Britton, who will meet the visitors at the mole.

The visiting party will consist of nine ladies and five gentlemen. On their arrival the ladies will be taken by Mrs. Isaac L. Requa and some other ladies. Mr. Harriman and the other gentlemen will be driven about the central parts of the city, after which they will be escorted to the Athenian Club, where an informal reception will be held at 5:25 o'clock.

This reception will be entirely informal, Mr. Harriman having signified his aversion to attending a banquet.

All the business men of Oakland are invited to meet Mr. Harriman at the club, and they should avail themselves of the opportunity. Mr. Harriman is desirous of meeting all who have business relations with his road, and is interested in the welfare of all the cities touched by the lines of the Southern Pacific system.

This reception at the Athenian Club has been arranged to enable Mr. Harriman and the business men of this city to meet and have a little chat about business conditions of Oakland, which is one of the most important points on the whole Southern Pacific system.

### Carnegie Says it is Not Easy to Distribute Wealth.

LONDON, May 14.—The freedom of the Plumbers Company was presented to Andrew Carnegie today in a valuable casket. Replying to the presentation address, Mr. Carnegie declared that he thought it more difficult to conscientiously distribute wealth than to acquire it.

"It is the swimming tenth and not the submerged tenth which we can greatly benefit," said he.

"Any satisfaction which he derived from his gifts arose from what he had induced individuals and communities to give.

"I think it will be found," he said, "that far from being a philanthropist, I am engaged in making the best use of my life. For instance, when New York had been given over a million pounds for seventy-two libraries, I succeeded in getting a pledge from her that she would furnish sites and maintain these libraries forever.

"Her investment, I hope, is may not be greater than mine. This is not philanthropy. It is a clever stroke of business. I am open to propositions of a similar character from cities in any part of the English-speaking world.

"Mr. Carnegie gave numerous instances of how much to the inventive genius of Great Britain her giant child, America, owed for her present condition, adding that all England could learn from America could learn from England.

He concluded with saying that the possibility of the English speaking people killing each other on the plea of civilized warfare was banished and that in the event of a difference no government on either side of the Atlantic could resist the offer of the other of arbitration, and it can scarcely be believed that a serious quarrel can ever arise when that offer will not be made by one or the other.

### That is the Sentiment of the Hazelton Delegates.

HAZELTON, Pa., May 14.—The general convention of the United Mine Workers of America, of the anthracite coal territory of Pennsylvania, began here this morning and before it adjourns sine die will have reached a definite conclusion on the question of whether the temporary strike for higher wages or shorter hours, which was inaugurated on Monday, shall be made permanent or whether the men shall return to work and await a more opportune time.

There is every indication that the convention will decide to strike, but the sentiment against a permanent suspension of work at this time is hourly growing stronger.

In an interview with a correspondent of the Associated Press just before entering the convention, President Mitchell plainly indicated that he had a definite plan in view, but he refused to say what it was. In reply to a question he said that he had finally decided that he would, if necessary, advise the men what should be done.

"There is no doubt that the sentiment of the men is for a strike," he said.

He declined to say whether he would advise them against their sentiment.

In answer to other questions, Mr. Mitchell said that all hope of a concession from the operators was gone. The delegates were called to order shortly after 10 o'clock. Mr. Mitchell was elected chairman. He made a brief speech, saying the delegates will be called upon to decide one of the greatest questions that ever came before any labor convention. He admonished them to stand together, whatever their decision may be.

When the convention re-assembled at 1:30 o'clock the credentials committee was not ready to report.

The committee may not finish its business until late this afternoon.

### BOAT GOES DOWN. CARRIED SIX HUNDRED AND FIFTY PASSENGERS.

LONDON, May 14.—A dispatch from Bangalore, British Burma, says a lifeboat belonging to the British Camorta, overdue at that port from Madras, has been picked up in the bay of Bengal.

The Camorta was reported to have had 50 passengers on board.

A lifeboat and boom belonging to the Camorta have also been picked up near Krishna light ship on the Madras coast by a vessel searching for the missing steamer. It is believed that the Camorta foundered during a cyclone on May 6. Besides her 50 passengers, who were natives, the Camorta had a crew of 50.

### Admiral Wants to Land General Firmin in Office.

PORT AU PRINCE, Hayti, May 14.—Admiral Killeck, commander of the Haytian fleet, has started for Cape Haytien with the Haytian warships Cote-a-Picard and Foussant. Leaving, he has declared himself in favor of General Firmin, the former Minister of Hayti at Paris, who is the head of the revolutionary forces in the northern part of the island.

The northern revolutionaries have seized the customs houses of Cape Haytien, Port de Paix and Gonaives and are collecting duties. Protests against this action on the part of General Firmin have been entered by the national bank and the diplomatic corps.

A severe engagement between the northern revolutionaries and the southern forces, meaning the troops from Port Au Prince and the cities of its vicinity, is expected to take place tomorrow or the day after.

A steamer from Kingston, Jamaica, is expected here today or Thursday, bringing a number of Haytians who have been in exile. Among them are MM. Poulchard and Senouque Pierre, two more candidates for the Presidency.

The French steamer Olinde Rodriguez, on which ex-President Sam had embarked yesterday, is still in the harbor of Port Au Prince. She was to have sailed yesterday, but was detained by the French Minister, M. de France. She will remain here until a foreign warship reaches Port Au Prince.

The absence of a foreign warship is causing great uneasiness in the foreign colony here.

After the embarkation of General Sam all the political prisoners here were released, and last night, they with groups of drunken soldiers, paraded the streets. Shots were fired from time to time, and it was feared that the plundering of stores and residences would follow. The provisional government constituted by M. Bessoud Cami, a former President, is attempting to control the situation, but General Saint Felix, the district commander at Grand Gouven, who is chief of Police, and M. Polin, the Commandant Magistrate, are the only officials who appear to be in control of the situation. They formed a corps of respectable citizens yesterday and succeeded in dispersing most of the drunken characters. As a result the night was much quieter than it would otherwise have been.

### VESEUVIUS ACTIVE. QUEEN OUT OF DANGER.

PARIS, May 14.—A dispatch from Naples to the Journal says Mount Vesuvius shows signs of activity. Lava is flowing from the crater on the left side, and the cinders are thrown up from time to time.

THE HAGUE, May 14.—The physical condition of Queen Wilhelmina is now all that could be desired. Regular bulletins in regard to her health will therefore cease to be issued.

## DEATH OF CLYDE SUNDERLAND.

A POPULAR YOUNG BUSINESS MAN PASSES SUDDENLY AWAY.

Clyde Herwood Sunderland, Alameda county agent of the New York Life Insurance Company, died of brain fever this morning at 11:30 o'clock at his late home, 25 Bella Vista avenue, East Oakland.

Although Mr. Sunderland had been ill for about two weeks and from the outset it was understood that he was severely stricken, yet death came suddenly, only the young wife of the deceased being present when the end came. It was a severe blow to the widow who has been constantly at the bedside of her husband since he was incapacitated for business.

As soon as it became evident that Mr. Sunderland was dangerously ill, his father, Rev. James S. Sunderland, superintendent of Baptist missions on the Pacific Coast, was brought to his home, 1515 Broadway, where he remained until his death. Mr. Sunderland, a brother of the deceased, came here immediately from his home in Omaha, and remained here since.

During his illness Mr. Sunderland had a corps of expert surgeons and physicians in attendance upon him, among whom were Dr. N. H. Chamberlain of this city, who was in charge of the case, Doctors Martin and Breen of San Francisco, and Cunningham, also of this city. All that these professional gentlemen could do for the patient was done, but without avail.

The death of Mr. Sunderland will occasion surprise to the young business men of the community, because the deceased was only 25 years of age and also because he was of athletic build and vigorous constitution, which seemed to argue a lengthy and successful career.

The deceased was born in Ottumwa, Iowa. He graduated from the Oakland High School and finished his education in California College and Colgate University, Hamilton, New York. For about a year he was a member of the editorial staff of THE TRIBUNE, afterwards accepting the Alameda county agency of the New York Life Insurance Company. Three years ago he was married to Miss Ruth Bird Pugh, daughter of Mrs. Frances Pugh and sister of the late county clerk Charles Pugh of this city.

Besides the relatives named, the deceased leaves two brothers, Ralph and Albert, who are engaged in business in Omaha, Nebraska.

The announcement of the funeral will be made later.

## A HEAVY FINE FOR DOCTRINE HOME

Mrs. A. D. Howe, convicted of practicing medicine without a license, was sentenced by Judge Stearns in the Police Court this morning to pay a fine of \$200 or serve 60 days in jail.

Howe and Attorney Phil W. Crowder of the prosecution.

The attorney for the defense held that the defendant was not a doctor, on the ground that the name in the complaint was not complete, and cited several authorities on the subject.

CRYSTIE TURNED OVER THE PROPERTY.

The suit brought by Daniel Crowley as guardian of Ellen Crystie, against Joseph N. Crystie, has been dismissed by mutual agreement.

It was claimed by Crowley that Crystie, just before she was declared incompetent, had transferred to her son Joseph, a lot on Twentieth street, between Telegraph and San Pablo avenues, and \$24,574, the entire property amounting to about \$60,000. The son admitted this and said that the father had made a deed conveying the property back to the guardian. He did not do so, however, and Attorney McClellan attached the property. When the attachment was made, Crystie turned over the property and the case was therefore dismissed.

WORKMEN GET THEIR FINGERS CRUSHED.

William Albert Andrews, an engineer employed at the Howard coal bunkers, who lived at 1841 Thirteenth street, caught his fingers in the machinery at the bunkers yesterday afternoon and his left hand was badly crushed. He was treated at the Receiving Hospital.

L. R. James, a laundryman, and B. Mair, a longshoreman, were also treated at the Receiving Hospital for crushed fingers. James' fingers were caught in the machinery at a laundry and Mair was injured by a pulley in which his fingers were caught.

ADMINISTRATOR McIVER'S ACCOUNTS FINALLY SETTLED.

Superior Judge Ellsworth today handed down a decree finally settling the estate of Katherine McIver as prayed for by the administrator, Charles McIver. The estate consisted of the McIver Winery and vineyards, promissory notes and cash in bank. The heirs are Stephen McIver, Katherine McIver and Stephanie McIver.

FINED FOR NEGLECTING TO TIE HIS HORSE.

T. O. Feiser, a drummer, neglected to tie his horse and rig in front of a business house and was arrested for violating the hitching ordinance. He deposited \$2 bail, which he straightway forfeited.

LETTERS OF ADMINISTRATION.

George H. Perrin has been appointed administrator of the estate of the late John C. Rice.

Letters of administration on the estate of the late J. P. Michelson have been issued to Stephen Michelson.

Laura M. Obolin has been granted letters of administration on the estate of Laura E. Achard, deceased.

P. W. Haswell has applied for letters of administration on the estate of the late Frederick B. Haswell, who died October 5, 1890, leaving an estate valued at \$1000. York Haswell acted as administrator until last month, when she died.

An inventory of the estate of the late Lewis P. Peacock shows the estate to consist of \$275.20 cash.

## RICH MEN IN SESSION.

WILL GIVE MONEY TO RELIEVE THE SUFFERING ON ISLANDS.

NEW YORK, May 14.—The Chamber of Commerce met today in special session to ratify the action by its president, Morris K. Jessup, for the immediate relief of the survivors of the Martinique disaster by the purchase of the food supplies on the steamer Madiana, and the sending of additional supplies on the steamer Pontabelle on Saturday and to take further action for the relief of the sufferers.

President Jessup presided and reported what he had done. Abram S. Hewitt offered a resolution which was adopted, declaring that the Chamber of Commerce of the City of New York mourning for the dead and full of compassion for the living thus suddenly reduced to a condition of actual starvation, calls upon its members to provide the means for immediate succor to its neighbors in their dire distress, and with that end in view hereby constitutes a committee of sixty to be named by President Jessup with power to add to their numbers and appoint their own officers, whose duty it shall be to provide at once for the forwarding of the necessary supplies to be secured by the committee from its members and of such other persons as may desire to assist in this labor of love and duty.

The resolution endorses the recommendation of President Roosevelt to Congress for a large appropriation of money and the provision of ships and supplies for the relief of the stricken people. The secretary of the Chamber of Commerce, John A. McCall, Daniel J. Lamont, Robert S. Ogden and Brayton Wood, were named as members of the committee.

Mr. Hewitt's name heads the committee, and other members are Gustav L. Schwab, Levi P. Morton, Whitehall Reid, Cornelius S. Bliss, Jacob H. Schiff, Emil A. Bloch, D. O. Mills, James S. Key, Isidor Straus, John A. McCall, Daniel J. Lamont, Robert S. Ogden and Brayton Wood.

Cornelius S. Bliss announced the action of the President of the United States in appointing a National Relief Committee, and said the Chamber's Committee would work in harmony with the National Committee.

BAD PLACE TO LIVE.

HEALTH REPORTS FROM HONG KONG ARE NOT ENCOURAGING.

VICTORIA, B. C., May 14.—Reports from Hong Kong received through the arrival of the steamer Empress of India, indicate the health conditions of Hong Kong to be in a threatening state. The India left there on April 22. During the two previous days three fresh cases of plague were reported in one colony, two of the victims being Chinese. The third's name was not disclosed. This brings the total for the year up to 15 cases. The cases of communicable disease in the colony for the week prior to the sailing of the India were: Seven plague, with six deaths; cholera, 24, with 21 deaths; enteric fever, one fatal case; pulmonary fever, one fatal case; smallpox, four, with two deaths.

News also was brought that Macao has been declared an infected port, 12 cases of plague having been located there since the beginning of the year.

FORESTERS MEET.

AN INTERESTING SESSION HELD IN SAN FRANCISCO TODAY.

SAN FRANCISCO, May 14.—At this morning's session of the Ancient Order of Foresters, an important amendment to the constitution was adopted, which provides that the ladies' auxiliary, the order will be entitled to the insurance benefit of the Foresters, a privilege heretofore denied them. This amendment was carried by a vote of 122 to 8.

The afternoon proceedings were devoted to discussing other important amendments to the constitution.

WILL SEND WARSHIP.

WASHINGTON, May 14.—In view of the critical state of affairs in Hayti and San Domingo the Navy Department is making plans to send the training ship Toledo, now at Port Royal, S. C., to San Domingo City to fill the vacancy caused by the dispatch of the Cincinnati to Martinique. Orders have gone forth to have the Toledo made ready for service, and the situation in the two little republics is materially alleviated she will sail for the scene of trouble in a short time.

BAKERSFIELD MEN GO ON A STRIKE.

BAKERSFIELD, Cal., May 14.—A strike of eleven experienced men took place at the works of the Imperial Oil Company in the Kern River field today. The grievance complained of was that the management issued orders that the men were not to be permitted to sit down during working hours, although much of their duties consisted in merely watching the machinery. The men work twelve hours a day and as they considered it an imposition to be forbidden to be seated when standing was not necessary, they walked out.

U. C. ALUMNI AT ANNUAL BANQUET.

BERKELEY, May 14.—This afternoon the annual banquet and reunion of the Alumni Association of the University of California took place in the Y. M. C. A. There were 350 graduates in attendance. Addresses were delivered by T. A. Perkins, President of the University, and others.

DEATH OF A CHILD.

Joseph Pedro, an infant two years old, died at 225 Second street today, after an illness of one month. Interment in St. Mary's Cemetery tomorrow.

## RUMMAGE SALE FOR THE CITY.

"OLD HORSE" BELONGING TO THE DEPARTMENTS TO BE AUCTIONED.

At a meeting of the Board of Police and Fire Commissioners this morning a resolution was adopted to the effect that all old unused and refuse articles in the Police Department, Fire Department and unclaimed articles in charge of the police be referred to the Board of Public Works for condemnation and sale at a public auction.

Chief of Police Hodgkins submitted a report of the operations of the Police Department for the month of April as follows:

Arrested for assault to commit murder, 2; manslaughter, 1; burglary, 2; attempt at burglary, 2; grand larceny, 12; robbery, 1; petit larceny, 9; embezzlement, 1; train jumping, 2; gambling, 5; carrying concealed weapons, 1; disturbing peace, 12; defaulting defendant, 1; battery, 17; vulgar language, 2; violating ordinance, 34; cruelty to animals, 1; malicious mischief, 1; drunk, 101; vagrancy, 2; begging, 3; insane, 2; runaway boys and girls, 14; misdemeanor, 2; felony, 2; surrendered by bonds, 2.

Amount of money taken from prisoners when arrested, \$1,022.50. Number of warrants served, 43. Number of subpoenas served, 162. Number of prisoners on hand, April 1st, 20. Average number of prisoners per day, 25.

Cost of provisions for city prisoners, \$119.50. Number of meals furnished to prisoners, 2,205.

Number of persons provided with lodgings during the month, 82. The demands against the several departments were allowed.

The worn-out articles in the several departments will be sold at public auction to the highest bidder on Monday, May 26th, at 2 o'clock.

The application of Mrs. Millie Egan for \$1,000 pension as widow of W. C. Ennis, the fireman who lost his life while in performance of duty, was placed on file as there is no fund from which to draw the money.

There is a police pension fund, but no fire fund.

"As City Attorney Johnson says that Mrs. Ennis' claim is just the City Council will have to create a fund. The City Wharfinger reported that the steamer Scotia split two piles and pulled out another. It was decided to send a bill of \$20 to the steamship company.

There being no further business the Board adjourned.

CASE AGAINST MOTORMAN BROWN DISMISSED.

The charge of manslaughter against A. L. Brown, the motorman on the car that ran over and caused the death of three-year-old Margaret Shannon, was stricken from the calendar.

The coroner jury has decided that it was an accident.

DISAPPEARING CARRIAGES ARE DISCUSSED IN CONGRESS.

WASHINGTON, May 14.—Soon after the Senate convened today the conference report on the omnibus claims bill was called up. The House asked for a further conference, but instructed its conferees not to agree with the Senate board findings.

Mr. Hale said, he had no doubt that the House had a right to instruct its conferees, as the House had thrown out these claims by vote. The only remedy the House had was to instruct its conferees.

At 2 o'clock the Philippine government bill was called up, but was laid aside in order that the fortifications bill might be completed.

Mr. Proctor had read opinions of a large number of army officers, some in favor of and many opposed to disappearing cars, direct and indirect would amount to \$100,000. He did not believe that disappearing carriages ever would prove effective.

This is the fifth time the place has been burglarized this year.

## HURLED FROM A TRANSIT CAR.

OILER GLUD'S LEG SMASHED BY CAR JUMPING THE TRACK.

Car No. 35 of the Oakland Transfer Company jumped the track on San Jose avenue this morning and when P. C. Glud was picked up from the street, where he had been thrown, it was found he had sustained a serious fracture of the knee.

The car was going at its usual rate of speed when, for some reason unknown it flew the track and landed half around. Glud, who was standing on the platform, was thrown to the ground with great force, striking on his knees. He felt the bones of his leg snap and so informed the conductor who at once had him conveyed to the Receiving Hospital where Dr. Williams set the broken bones.

Although in terrific pain, Glud went through the operation without an anesthetic and was of every assistance to the surgeon and steward, James Page. Then his little son came running into the operating room and seeing his father lying on the table broke through the circle of doctors and assistants and threw his arms around the injured man's neck.

"What is the matter with my papa," he demanded.

"His knee is hurt, that's all my lad," said Steward Page.

"Well, why is he lying on that table and what are you doing to him?" And then Glud broke down. He put an arm around his little chap's neck and wept broken heartedly. For the first time since the accident he realized that there was a wife and little ones to be fed and cared for and that he would be unable to do either for weeks to come.

Glud is employed by the Transit Company as an oiler and the mortgage was given him as a security to save against the rainy day. He worries for the welfare of this little family, but it is not likely that the company will allow him to work as a necessary during the illness of the husband and father. Glud has been in the employ of the company for many years and is a steady and hard worker.

Mr. Glud is a man who has no work and a man highly thought of by both employers and fellow employees. Speaking of the accident he said, "No blame attaches to the company. The car was going at a moderate rate and the track was clear. It was just when the car lurched I lost my balance. This is the result."

WILL TALK OF PEACE.

LORD KITCHENER SENDS WORD ABOUT THE BOERS.

LONDON, May 14.—Lord Kitchener has notified the War Office that representatives of all the bodies of Boers throughout the Transvaal and Orange River colonies are gathering at Vereeniging for the conference that begins tomorrow and he has arranged that the delegates shall be impeded in reaching the rendezvous.

Consequently the assemblage is expected to be large. The terms regarding peace will later be submitted to the British.

A delegation consisting partly of the same Boer leaders who went to Pretoria recently will be deputized to convey the decision to Lord Kitchener.

DIED AT HOSPITAL.

J. M. Williamson, a well known resident of Oakland, was taken suddenly ill on the street today of Bright's disease and died at the Receiving Hospital.

Mr. Williamson was picked up in the street yesterday afternoon near the Merritt House, where he had been residing. He was suffering from convulsions, and was immediately taken to the Receiving Hospital. He passed a restless night and early this morning passed away.

Mr. Williamson was 57 years of age and a native of Pennsylvania. He had resided in this State for thirty-five years, during which time he practiced law until his health began to fail.

## INTERESTING HONOLULU NEWS.

ROBINSON'S WORK.

OAKLAND BOY WILL HAVE CHARGE OF THE CRIMINAL DEPARTMENTS.

HONOLULU, T. H., May 8.—The May term of the First Circuit Court began yesterday with some doubt existing as to whether the wording of the act making the court consist of three judges does not make it necessary for only one court to sit at a time. It is the opinion of some that the judges can only sit en banc, or one at a time, there being only "one court" under the statute. The matter is to be argued, as a question of jurisdiction, when the first civil case comes up. In the meantime Judge Robinson alone takes all the criminal business, being the presiding judge this time, and the other two judges will settle the question.

CURE FOR LEPROSY.

MATTER IS DISCUSSED AT THE MEETING OF BOARD OF HEALTH.

HONOLULU, T. H., May 6.—Another inquiry has been received here about Tui-tui, the plant which has been reported from Tahiti as a cure for leprosy, and with which the Hawaiian Board of Health is preparing to make experiments at the leper settlement, as soon as enough of the plant shall have been grown. This time the inquiry comes from a letter in English, which asks that some of the plant be sent to him.

AN OCEAN RACE.

TWO BARKS HAVE A CLOSE RUN FROM FRISCO TO HONOLULU.

HONOLULU, T. H., May 6.—The barks Andrew Welch and Alden Besse yesterday ended a remarkably close race here from San Francisco. They left the Golden Gate twenty-one days ago, the Alden Besse about two and one-half hours ahead of her rival. They arrived here in just about the same relative positions as to time, after twenty-one days of sailing. The Welch passed the other at one point during their voyage, for she arrived off the coast of Maui on the 3d, the Alden being about 24 hours behind. At Honolulu, however, the positions changed, and the vessel which left San Francisco two and one-half hours ahead arrived at Honolulu two and one-half hours ahead.

PRIMARY RULES.

REPUBLICAN CENTRAL COMMITTEE HOLDS MEETING AT HONOLULU.

HONOLULU, T. H., May 6.—The Republican Central Committee, for some time past, has been holding several meetings, and has finally adopted primary rules for the coming election. The discussion was over the adoption of a rule allowing all persons who wish to enter the contest to have their names on the ballot, and the time of the closing of the polls, and placing restrictions, such as requiring a pledge to support the Republican party, as a prerequisite for voting. Those who favor the former plan prevailed, largely on account of the last convention having declared for such a plan. The general election will be held on the 12th of November, and the unit of the party and continue voting in the primary elections, to those who are in the club rolls. The Home Rulers are preparing to adopt a similar system.

PALM TREES.

THEIR DESTRUCTION CAUSE OF DISCUSSION IN HONOLULU.

HONOLULU, T. H., May 6.—The subject of the great destruction of palm trees and other features of the landscape that give Honolulu a tropical appearance and make the city attractive to tourists is being a good deal discussed here. The destruction of large numbers of buildings and laying of hard street beds has destroyed much of the old-time appearance of the city and made it much like an American city. The widening of Waikiki road, the most used local drive, will result in cutting down the palm trees and destroying other landscape features, and there is an agitation to have the city saved. It is probable that a plan will be adopted for a general replanting of tropical vegetation, and that the government will make an avenue of the Waikiki road and possibly of other streets that have been similarly changed.

POWER COMPANY.

WILL FURNISH LARGE FIRMS WITH POWER IN HAWAII.

HONOLULU, T. H., May 6.—The Pioneer Mill Company has made a contract to install electric power in place of steam for its sugar mill and irrigation system. Power will be secured from the waterfalls in Honokaa gulch, where there are falls of 550 feet, developing power exceeding 800 horse power. The company has already contracted for a 200-horse power electric machine, and is saving power from this fall. It is estimated that the saving by the new system when it is completely installed will be about \$50,000. The cost of the machinery is estimated to be about \$25,000.

DENTIST IS BANKRUPT.

FILES HIS PETITION IN HONOLULU AND ASKS FOR RELIEF FROM DEBTS.

HONOLULU, T. H., May 6.—Dr. A. E. Nichols, a well known dentist here, filed a petition in bankruptcy on the 5th, showing personal debts of about \$2,000 and to assets excepting a small amount of personal property, which he claims as exempt from execution, under a law passed by the last Legislature. He was declared a bankrupt by Judge Lee, in accordance with his petition, and a referee was appointed to look after the interests of the creditors. Over \$5,000 of Dr. Nichols' debts are running accounts with local merchants. Aside from per-

**THE BATTLE LINE.**

MR. DAYTON TALKS ABOUT THE NAVY IN THE HOUSE.

WASHINGTON, May 14.—Members of the house appropriations committee are averse to calling a special meeting of the committee for the purpose of considering an additional appropriation for the relief of the people of Martinique. They say that until it is demonstrated that the amount, \$200,000, then applied to a question of personal privilege. He read a circular signed by Henry A. Smith, and said to have been circulated among members, asking that \$200,000 be appropriated for the relief of the people of Martinique. Mr. Dayton, in talking about naval appropriations declared that the crucial test of naval strength was the battle line, made up of battleships and cruisers, and that it was a mistake to think that our battle line was not equal to that of England, France or Germany. This he asserted to be true, despite efforts to revolutionize navy methods by submarine boats, dynamite cruisers like the Vesuvius and rams of the Kataridin type, all of which Mr. Dayton claimed were ineffective.

HADLEY'S CASE.

SAN FRANCISCO, May 14.—C. B. Hadley, the missing Examiner accountant, whom the police want for the murder of Nora Fuller, may soon be in custody. Hadley, who was last seen in San Francisco, is said to have been in the city, and he has been heard from the direction that Hadley took when on January 16th he fled from the city, and that his arrest, which is not a certainty, may occur at any time.

MARRIED.

WHITEHEAD—WOOSTER.—In Elmhurst, at the Presbyterian Church, on Sunday, May 12, 1902, by the Rev. E.

"Whatever virtue there is in other medicines I know by experience there is nothing so good for worn-out women as Dr. Pierce's Favorite Prescription. I have used it myself with perfect satisfaction, and have recommended it to hundreds of weak, worn-out women suffering from female weakness. If you get health restored you will feel well, think well and act well, and I know your medicine is a great help to reach this state for women."

Mrs. JANIE THOMPSON,  
President West End Mother's Club,  
No. 264 West 7th Street,  
New York City, N. Y.

ANY THOUGHTFUL WOMAN who will read the two letters printed in this connection, must conclude that if these statements are truthful Dr. Pierce's Favorite Prescription is a truly wonderful medicine for the cure of diseases peculiarly womanly.

But the "if" in the case. If these statements are true. Is there a woman who will question the truth of such statements for a moment? Statements made by modest women who put aside all personal feeling in the desire to be of help to the suffering of their sex. Look at this question of testimony from another point of view. Suppose you knew a woman who had been cruelly injured, brutally beaten, let us say. You knew the person guilty of the outrage and when the injured woman sought reparation, her redress depended on whether you would take the witness stand. Would you do it? Would you sit silent in the face of her suffering just to spare yourself the publicity of a court room? Never! No true woman would do that.

Now reverse the case. Here are women who have been helped, not injured. They know that thousands of women are in the same condition of disease from which they suffered before being cured by Dr. Pierce's Favorite Prescription. What would we say of women working for the good of their sex, if they kept the fact of the cure secret and to avoid publicity, sat silent while it was in their power to give new life and strength to a thousand suffering women, by proclaiming how their diseases had been cured by the use of Dr. Pierce's Favorite Prescription? Should we not say such women are heartless? It is heart sympathy with the suffering of their sex which moves such good women to put all personal feeling aside and point to the means by which womanly diseases are cured.

Hundreds of thousands of weak and sick women, bear testimony to the fact that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It cures headache, backache, nervousness, sleeplessness and other consequences of womanly diseases. It is a superior tonic and nerve for weak, worn-out, run-down women, restoring them to sound health.

There is no excuse for womanly suffering in view of the cures of womanly diseases effected by the use of "Favorite Prescription." In ninety-eight cases out of every hundred it perfectly and permanently cures the womanly diseases for which it is prescribed if it is only given a fair and faithful trial. Even in the rare cases where a perfect cure is impossible it is of great benefit, alleviating pain, reducing suffering and giving increased strength.

Sick women are invited to consult Dr. Pierce by letter, free. All letters are held as strictly private and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's offer of free consultation by letter should not be confused with offers of "free medical advice," made by persons who are not physicians, and are not qualified to practise medicine. In a little more than thirty years, Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his staff of nearly a score of physicians, has treated and cured hundreds of thousands of weak and sick women.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

## MIKE DONOVAN MAY NOT GO TO SALT LAKE

ARTICLES HAVE BEEN SENT TO HIM THAT WERE NOT SIGNED.

It is quite probable that Mike Donovan will not be able to pull off the boxing match he has arranged with Tommy Riley of Salt Lake on the 10th instant, as scheduled.

The articles have not yet arrived and it is not known whether or not Riley has signed them.

The articles were sent to Mike here in Oakland a fortnight ago but they did not bear Riley's signature and upon the advice of his manager, Billy Lavigne of the Acme Athletic Club, he returned them to Salt Lake with a demand that Riley first attach his signature. Their return has been expected daily for a week and it is now so late that a postponement of the date will be necessary. As soon as the papers arrive Donovan and Lavigne will leave for the Mormon city.

The articles provide that the contestants shall weigh 152 pounds at the time of the fight and that Mike must win in two or three rounds of that figure. He is confining his training to a daily run through the Piedmont hills and bag punching. He declares that he is fit now to go into the ring and both he and Lavigne are confident they will bring a victory back from Salt Lake with them.

LOS ANGELES, May 14.—In discussing the fight between Mike Donovan and Elmer E. Smith today, Jeffries said he would not be a party to a prolonged squabble over the making of a match with Mike Donovan. "The matter must be settled at once," said the champion. "I notice Fitz has proposed to give the club several weeks more in which to submit bids before deciding. That won't do and I won't permit it. The club before which we shall fight must be determined without any more delay and as soon as we there we will fix the thing up immediately."

"I see there is some talk about our fighting in Salt Lake," said Jeffries. "There is. I want to say right now that there is no possible chance of such a thing. I have a letter in my pocket from the club manager here, which he says he could pull off a fight between some people, but that a championship fight would not be allowed. As to the chances of Los Angeles for the fight, I still think they are good. A much greater proportion of the population here would attend than in San Francisco, because there is greater interest here on account of the few big fights that have been held here. And for the same reason much higher prices could be charged in this city. Therefore, if the bids remain as to where they stand now, there is a strong favor the 50 per cent. bid over the 70 per cent. offer of a San Francisco club."

## UNMANAGEABLE STEED THROWS LADY RIDER

Miss Myrtle Potter is lying painfully injured at her home, 569 Fourteenth street, as the result of an accident which befell her a few days ago while she was riding in the Abrahamson friend on the road near San Pablo.

Miss Potter and her escort engaged in a test of the speed of their respective horses, the animal of the lady distancing that of her attendant. When the young woman sought to rein her steed, however, the animal became unmanageable and threw its rider. Miss Potter sustained a sprain of the left arm, a number of bruises and scalp wounds. After being picked up Miss Potter was taken to a neighboring house, where she was given surgical attention after which she was removed to her home.

## BASEBALL GAME ON THE HOME GROUNDS.

Reliance Club May Give Up Professional Boxing.

All roads lead to the Oakland Baseball Park at Golden Gate this afternoon. Uncle Hank Hanna, Poles and Lohman's fight. Once are mixing matters there for the benefit of Oakland's new College of Medicine and Surgery, and every professional man and his friends are holding down seats in the grand stand and bleachers, and undoubtedly a tidy sum will be realized from the baseball nation for this most worthy educational enterprise.

In the series with the Poles, Manager Pete Lohman has promised Oakland fans that his bunch of Midgets will take a majority of the games played. Pete's forecast of the result of the battles with the Senators and Morley's Marvels proved to be the goods, and after his last prophesy the fans would be surprised if the Little ones made it six straight this week.

Among the fans there was great rejoicing when the announcement was made that McCredie, the big, good natured, hard hitting right fielder, would be back in harness this week. He is a tower of strength to the team, and although the Oakland-Los Angeles series was won without him, it would have been easier to down the Southerners with a few of these McCredie long drives to hand out to them.

In an eleven-inning game at Sacramen-

to yesterday the Angels beat the Senators out by a score of 5-2. Rube Waddell, who has entirely recovered from the illness that kept him out of the Sunday game at San Francisco, was in the box for the Angels and downed the slub work for the Senators. It was "two all" when the Morleyites came to bat in the last half of the eleventh. The Senators, at this stage of the proceedings, went up in the air and before they could get back to the earth three Senapals came galloping over the mulder.

Fans who know and have no love for Charley Kelly, the captain of the Angels, will appreciate this clever bunch handled him by Oscar Jones while the team was journeying toward Sacramento yesterday.

They were talking of fast company on the other side of the Rockies and Kelly said to Oscar:

"You will never break into any of the big league teams, old man, unless you change your ways materially."

"I have a better chance to break in than you have to get back," was the same little twirler's report. "You are going and I am coming."

Relly's answer is not of record.

Reliance Club is AFTER NEW MEMBERS

MAY DISCONTINUE PROFESSIONAL BOXING AT THE CLUB.

The directors and members of the Reliance Athletic Club are preparing to make a vigorous campaign for members and there is every reason to believe that the club will soon be in an enviable position from all points of view. One of the changes contemplat-

ed is the discontinuing of all professional entertainments and the substitution of amateur shows for members only. A careful canvass of this matter has resulted in the firm conviction that such a move would not only meet with the hearty approval of the members, but the public as well.

A membership committee has been appointed, consisting of the following members: Fred T. Elsey, Louis LeFevre, Milo Hickox, P. H. Rosenheim, Paul T. Carroll and Emil Fritsch. This committee is to serve until August first, when another will be appointed to follow up the work of this one. As a special inducement the directors have offered a gold club pin to any member who prior to August first shall have secured three regular members. The reports submitted by the officers of the club at the annual meeting recently showed the club to have made marked progress during the last year. A steady increase in membership, renewed activity in the club rooms and the manifest interest in general are also positive indications of a natural growth. The fact that many old members who left the club some time ago are now coming back is taken as a positive indication that the club is going forward with rapid strides. Taking it all in all, the outlook for this popular organization is indeed most promising and the members are entering into the spirit of the increased membership campaign with a vim which augurs well for the club's future.

A new feature of the club is the tramper's annex. Already this annex, as it is called, has a membership of

Tribune Publishing Company William E. Dargie, President

HOW TO ADVERTISE.

The question of the hour is: "What is the best way to advertise Oakland?"

Every day one sees in the papers an answer to the query. In this morning's Chronicle is a picture of a handsome new high school that has just been erected at Redding by Shasta county at a cost of \$50,000. That is a splendid advertisement for Redding and Shasta county. It shows that the people up there are energetic and progressive, and ahead of the times in providing educational facilities.

But there is another way of advertising a town, and one that is not so good. If you want to create a bad impression just let it be known that you have no public works, no public conveniences and no public buildings to speak of—that your streets are filthy and ill-paved and that your school facilities are inadequate, your municipal structures shabby and insufficient, that you have no parks or public playgrounds, and will take no steps to obtain these ordinary and necessary requirements of a modern municipality.

This and the Shasta picture illustrate the difference between a fact and a good advertisement. One shows a community great good and the other infinite evil.

In September, 1900, Galveston, Texas, was almost totally destroyed by a storm nearly every building in the city was destroyed or wrecked. From 1900 to 1901 of the inhabitants were homeless, and from \$100,000 to \$125,000 worth of property swept away. The whole business fabric was in ruins.

But the people pulled themselves together, and after clearing away the debris and burning or burying their dead, began to rebuild. As a result Galveston is rising more substantial and beautiful than ever before. Last year the trade of the city was the largest in its history, and the citizens are laboring with indomitable energy to guard against another such ravage of the elements as destroyed the city in 1900. They are raising the grade of their streets, erecting stronger buildings and planting them on securer foundations.

But above all, they have set about protecting their city against the sweep of the storm-driven waters of the Gulf. In their determination to rear a permanent and prosperous city, they are bravely giving battle to the sea itself. Like the sturdy Hollanders, they are going to fence out calamity. Only recently they voted \$1,000,000 bonds to build a concrete wall fifteen feet high along the Gulf front. This is not enough to complete the work, but the Galvestonians hope for government assistance in the future. Anyway, it renders them reasonably secure for the present.

What a splendid advertisement that is for a city that had only 37,000 inhabitants before the calamity of 1900! They had to reconstruct their municipal waterworks, repair and partially rebuild their county and municipal buildings, had to put their streets in condition for traffic, and at vast expense restore their business houses to conduct their trade. Yet they did all this with such celerity that in the year 1901 the trade of the city totaled up over \$100,000,000. No other city of the same size in the world can show such a volume of traffic in proportion to population. Never before was a wrecked and ruined city so quickly restored and revived.

The value of this wonderful achievement as an advertisement cannot be measured in money. It is a grand lesson in the law of life and progress. It shows that men and women make cities, not favorable sites, nor mere aggregations of houses. The cornerstones of such communities are laid in human effort, in human resolution, and in that unquenchable spirit which defies calamity and hard conditions.

It was this spirit that dug a great harbor at Chicago, and created the second city on the continent on a prairie morass at the foot of Lake Michigan.

When we turn from these mighty accomplishments in the face of tremendous obstacles to those communities where nature has done all and man next to nothing, we can see more plainly the great truth that it is people who make a city. And in advertising—which is merely publicity—that which appeals to man's mind is the accomplishment of human effort, the fruition of man's genius, industry and perseverance.

RELIEF FOR MARTINIQUE.

The relief extended to Martinique can only be to the extent of providing for the necessities of the living inhabitants of the island. So far as St. Pierre is concerned, there are no survivors. The city is absolutely destroyed and the inhabitants have all perished. The disaster cannot be relieved. Nothing can be done beyond disposing of the remains of the dead and gathering up such remnants of property as have escaped the general destruction. Other portions of the island have been desolated, plantations ruined, crops destroyed and the population reduced to want, but there is no great number of injured to care for. The problem of relief is now mainly confined to providing an abundance of food and clothing for the

afflicted. The number requiring such relief cannot exceed sixty or seventy thousand, but the great majority of these must be provided with homes elsewhere as the greater portion of Martinique has been rendered unfit for human habitation. However, all the world is rushing to the scene with assistance, and in a few days at the utmost the acute distress must disappear. The very completeness of the calamity has compressed the horror and made the aftermath easy to deal with, which is mainly providing food for the hungry and shelter for the homeless.

SLANDERING OUR ARMY.

The Democrats insist that they are not assailing the American army in raising such a clamor about the alleged cruelties practiced on the Philippines. Nevertheless, they have done all they could to discredit our troops in the Philippines. They have magnified every isolated instance of brutality, and pointed to it as an example of ordinary military procedure in the islands. In its very nature war is ruthless, brutal, destructive. In every conflict, some soldiers disgrace their uniform by committing crimes for which there is no excuse, just as in civil life some persons will persist in violating the sanctity of life and property. The Democrats in Congress have represented the sporadic instances of inhumanity as characterizing the general policy of the military operations in the Philippines. On that ground they have assailed the entire policy of the Government toward the islands. General Smith's Samar order is held up as typical of the war and the policy of the Administration. It is useless to deny that this is a reflection on every officer and soldier in the Philippines. Foreign critics take their cue from Democratic speakers and hold up American officers and soldiers as blood-thirsty barbarians who commit all sorts of outrages on helpless and innocent natives. Nobody defends General Smith's barbarous order. Its barbarity is admitted and universally condemned, but that order does not typify American methods in warfare, nor does it meet with the sanction of the President. It is a special case, and in visiting it with righteous condemnation, a grievous wrong is committed against our country and our army by representing it to be an ordinary thing. It is extraordinary in its brutality, and because it is brutal and extraordinary it has aroused general indignation in the army as well as out of it.

The more sedate and leisurely methods of the English Parliament were illustrated in the refusal of the ministry to be hurried in the matter of adopting some measure of relief for the earthquake sufferers of St. Vincent. In acute cases of public calamity, when sudden death and suffering appeal to the sympathies of mankind, this taking time to think it over is somewhat exasperating, but in main it is a good quality and one eminently characteristic of the English nation, which is never carried off its feet by popular enthusiasms. It is a good deal like letting a man drown while debating the best means of rescuing him, but in the great majority of cases this deliberation serves a good purpose. In the larger affairs of national policy it exerts a wholesome restraint, and prevents many an unwise step. However, when the English once get into a thing no one can complain of their energy or earnestness. When they do extend a helping hand pluck and determination go with it. They are good stayers, and if they are a little slower than some other people in taking up a line of action they are not generally beaten at the finish.

There was a short session of the Board of Public Works this morning. The claim of James A. McMahon for putting in six piles at the city wharf for \$15 was allowed. The following communication from Fire Chief Hall was read: "I beg leave to report a list of articles to be condemned and sold at public auction. One team of horses, one pair of harness, one old cart saddle, three old wagon springs, two wagon wheels, one lot of scrap iron and steel." Fred E. Pierce, City Veterinarian, reported that the horse "Jack" used by the fire department was "killed" for duty and was only an expense to the city. It was decided that the best plan was to have the horse shot, and a resolution will be passed to have the Chief of Police order it done.

LARGE PLANT BURNED  
ST. LOUIS, Mo., May 14.—The plant of the Gibson Asphalt Company at Madison, Illinois, was burned to the ground today, causing a loss estimated at \$100,000, which is only partially covered by insurance.

P. D. Summers, superintendent of the plant, was burned about the head and face while fighting the flames. The fire was caused by the boiling over of three vats containing resin. This substance ignited the floor and the flames rapidly spread to the roof. One hundred men were employed by the company.

LITTLE GIRLS  
ASSAULTED BY  
UNKNOWN MAN.

Irma and Madeline Myers  
Victims of a  
Fiend.

POLICE SEARCHING  
FOR THE GULPRIT.

There have just come to light the facts of a brutal assault that warrants the best work that Chief of Police Hodgkins and his force can give to it. The victim was 5-year-old Irma Myers, daughter of Jerome Myers, an employee of the Pacific Press. Who the culprit was is not known but an excellent description of him has been given to the police. Since the assault, which occurred on April 26th, the little one has hovered between life and death.

On that day little Irma and her older sister, Madeline, aged 7 years, were picking wild flowers near the home of P. M. Smith. A man drove up in a carriage and asked the little ones if they would not like to take a ride with him. They assented eagerly and he took them in and drove with them to Dutch Park. Arrived there he attacked Madeline but she resisted so strenuously that he desisted and turned his attentions to the little one and since that time she has been under the constant ministrations of Dr. Maury and Dr. Rowe.

Madeline described the man to her father as being about thirty years of age, dark complexioned and wearing a black mousche. He was driving a sorrel horse which had four white feet and the carriage was a light spring delivery wagon.

The parents of the little victim are well known and prominent in the community. The publicity of the case has aroused the indignation of the community and they are resolved to bring the brutal perpetrator of the crime to justice.

FRUITVALE POSTMASTER'S  
SALARY IS INCREASED.

A telegram from Washington announces that under the annual readjustment of postmaster's salaries, the salary of the postmaster of Fruitvale has been increased from \$1100 to \$1300 a year.

DR. PORTER IMPROVING.

It is announced that the operation that was performed on Sunday upon Dr. W. S. Porter of the Board of Health for appendicitis was successful and that Dr. Porter is now on the road to recovery. He is a leader, not only in his own profession, but in Oakland club, fraternal and social circles, and his many friends have been watching the progress of his illness with great concern.

EXHIBITORS  
ARE APPLYING  
FOR SPACE.

Elks Send Circular Letter  
to the Oakland  
Merchants.

TWELVE BLOCKS WILL  
BE USED BY FAIR.

The following circular letter has been addressed to prospective exhibitors at the Elks Street Fair:

"Oakland, Cal., May 7, 1902. 'Oakland Lodge, No. 171, B. P. O. Elks has arranged for a Street Fair and Carnival to be held in the city of Oakland, from June 14th to 21st inclusive.

"Permission has been obtained from the Mayor and City Council allowing us Lafayette Square with twelve blocks of adjoining streets, viz: Twelfth street on the north, Clay street on the east, Ninth street on the south and Castro street on the west.

"Accompanying this letter will be found a plat of the grounds, showing location of exhibit room, also concessions, band stand, circus ring, country store, jail and court, and many other places of amusement.

"Excursions will be run from San Francisco, Fresno, Bakersfield, Sacramento, Santa Rosa, San Jose, and all intermediate towns.

"The fair will be open to the public every afternoon and evening (Sunday excepted), and no liquor will be sold on the grounds and no gambling devices will be allowed. A brass band of thirty-six pieces will dispense music both afternoon and evening.

"We have carefully estimated that 100,000 people will visit our Fair during the exhibition.

"The grounds will be beautifully illuminated, colored lights will be placed in and about the inclosure, making a beautiful appearance. To illuminate the grounds as contemplated will cost \$2500.

"Our General Committee has figured our total outlay to be \$10,000.

"Particular attention will be paid to exhibits. Each booth will be floored, partitioned and roofed, requiring only the arranging of the interior by the exhibitor. We are waiting to hear from you as to how much space you want and as to where you desire to be located. An early reply will be advantageous to you as far as location is concerned. Rent of space will be reasonable, and terms can be obtained by applying to the Secretary of the Exhibit Committee. Respectfully yours, M. A. WHIDDEN, Secretary.

POSTOFFICE DEDICATION.

Owing to the inability of Grand Master Wells of the Grand Lodge to be present in Oakland on May 24, it has been found necessary to postpone the laying of the corner stone of the new postoffice building. The Masonic committees in charge will hold a meeting when the date will be definitely fixed.

THE SURGEON'S KNIFE  
Mrs. Eckis Stevenson of Salt  
Lake City Tells How Operations  
May Be Avoided.

"DEAR MRS. PINKHAM:—I suffered with inflammation of the ovaries and womb for over six years, enduring aches and pains which none can dream of but those who have had the same experience. Hundreds of dollars went to the doctor and the druggist. I was simply a walking medicine chest and a physical wreck. My sister residing in Ohio wrote me that she had been cured of womb trouble by using Lydia E. Pinkham's Vegetable Compound, and advised me to try it. I then discontinued all other medicines and gave my Vegetable Compound a thorough trial. Within four weeks nearly all pain had left me. I rarely had headaches and my nerves were in a much better condition, and I was cured in three months, and this avoided a terrible surgical operation."—Mrs. ECKIS STEVENSON, 250 So. State St., Salt Lake City, Utah. \$5000 forfeit if above testimonial is not genuine.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Free Press, Mass.

MISS HOWARD RECEIVES.

Miss Jean Howard received her friends yesterday from 4 to 6 at her home on Vernon Heights. The guest of honor for the afternoon was Miss E. M. Howard of New Jersey, who is visiting Miss Ray Wellman of Fruitvale. The house was brightened with beautiful flowers, the dining room being a study in pale yellow fleur-de-lis, and candlelight with glowing primitive shades. The guest list numbered about 100. Miss Howard was assisted in receiving her friends by Miss E. M. Howard, Mrs. Frank Richardson, Wells, Miss Sarah Hale, Miss Ray Wellman, Miss Sue de Fremery, Miss Grace Baldwin, Miss Marietta Havens, Miss Jane Crellin, Miss Kate Gurnea, Miss Georgia Lacey of San Francisco, Mrs. Edward Fowler, Mrs. Irving Lundborg, Miss Ione Fore, Miss Louise Belden, Miss Knowles, Miss Ruth Knowles, Miss Grace Sanborn, Miss Charlotte Hoffman, Miss Muriel Ransom, Miss Kate Chabot, Mrs. John Henry Dickman, Miss Lillie Isaacs, Miss Jessie Fillmore and Miss Louise de Fremery.

ENGAGEMENT ANNOUNCED.

The engagement has just been announced of Henry Gier, a nephew of Theodore Gier, to Miss Leta Senarm daughter of Frank Senarm of 1731 Fourteenth street.

Miss Senarm is well known in social circles on this side of the bay. She is beautiful and accomplished, being a musician of rare ability. Her father, Frank Senarm, is one of the pioneers of Oakland and one of the most prominent members of the German colony.

Mr. Gier is also well known in German circles, being prominently identified with the Oakland Turn Verein. He is associated in business with his uncle, Theo. Gier.

The house was brightened with beautiful flowers, the dining room being a study in pale yellow fleur-de-lis, and candlelight with glowing primitive shades. The guest list numbered about 100. Miss Howard was assisted in receiving her friends by Miss E. M. Howard, Mrs. Frank Richardson, Wells, Miss Sarah Hale, Miss Ray Wellman, Miss Sue de Fremery, Miss Grace Baldwin, Miss Marietta Havens, Miss Jane Crellin, Miss Kate Gurnea, Miss Georgia Lacey of San Francisco, Mrs. Edward Fowler, Mrs. Irving Lundborg, Miss Ione Fore, Miss Louise Belden, Miss Knowles, Miss Ruth Knowles, Miss Grace Sanborn, Miss Charlotte Hoffman, Miss Muriel Ransom, Miss Kate Chabot, Mrs. John Henry Dickman, Miss Lillie Isaacs, Miss Jessie Fillmore and Miss Louise de Fremery.

ENGAGEMENT ANNOUNCED.

The engagement has just been announced of Henry Gier, a nephew of Theodore Gier, to Miss Leta Senarm daughter of Frank Senarm of 1731 Fourteenth street.

Miss Senarm is well known in social circles on this side of the bay. She is beautiful and accomplished, being a musician of rare ability. Her father, Frank Senarm, is one of the pioneers of Oakland and one of the most prominent members of the German colony.

Mr. Gier is also well known in German circles, being prominently identified with the Oakland Turn Verein. He is associated in business with his uncle, Theo. Gier.

PERSONAL AND SOCIAL.

Mrs. E. M. Walsh was the hostess Monday at the regular meeting of the Cosmos Club. The decorations were unusually beautiful, a profusion of Lady Banksia roses adorning the hall. Red poppies were in the library and the reception room was fragrant with pink roses. The club prize was won by Mrs. Pearl Sather and Mrs. Tisdale of San Jose carried off the substitute's prize.

Mrs. J. S. Emery, who returned Saturday from a sojourn at Los Angeles, which she was attending upon the biennial session of the National Federation of Women's Clubs, is entertaining her niece, Miss M. Emery of Washington, D. C. Mrs. Emery recently returned from an extended European tour.

Mrs. Geo. D. Gray and Miss Mabel T. Gray, President of the Ebell Club, will entertain at the regular meeting of the Cosmos Club.

## Summer Stuffs Greatly Reduced

### Satin Striped Challies

The arts of weaving and printing seemed to have reached perfection in this season's challies. Rich colorings, lustrous finish, effective floral and Persian designs are all to be found in them. A stock too large and varied for May has resulted in this reduction from 35c to

30 cents per yard.

### Joulard Silks.

We have said much regarding our foulard silk sale—because there was much worth saying. Today we have added a number of \$1.00 and \$1.25 satin foulards to those already on the counter. The price of all is

60 cents per yard.

### Wash Silks.

In the face of the growing popularity of wash silks for entire gowns as well as waists we have reduced them heavily. Owing to the late spring we find over 100 designs on our counters when we should have a clear stock. This accounts for the cut from 50 cents to

35 cents per yard.

### Swisses and Organdies.

There is a richness and exclusiveness about French swisses and organdies unattainable elsewhere. To those who strive for these effects in their summer gowns these reductions will appeal.

Imported embroidered swisses reduced from 75c, \$1.00 and \$1.25 to

50 cents per yd.

Imported corded organdies reduced from 50 cents to

35 cents per yard.

best sense. "Private educational institutions may have other aims, what they seek to attain is a matter for their creators to determine. But the creators of the State school system, that is the American state, can have designed it only for State ends—namely to make Americans of the successive generations. And the question to which I desire to call your attention is: Does the American State University, the apex of the State educational system, do this? For if it does not, no matter what else it may accomplish, as a State educational institution it is a failure. The question is twofold: Does the university itself give equality of opportunity, and recognize the individual worth? And, on the other hand, does it instill these ideas into the students it sends forth?

"So far as the first question is concerned—whether the State University gives equality of opportunity and recognizes the worth of the individual, he answer seems to me comparatively plain. Tuition has been made free, scholarships are numerous, lower educational institutions lead gradually up to the University. Here we surely find the equality of opportunity, and the facts themselves, showing how, year after year, more students are working their way through our colleges, convince us that so far as the State can make it equal opportunity has been made to all.

"That in their relations with students they recognize merely the worth of the individual, not his accidental circum-

"Here, you will bring sunshine wherever you go. You will love and be loved. A University cannot be a surly, unkind character, but it can shape it, and the world has, therefore, fair right to judge us by you; surely it will do so.

WHAT DOES U. C. EXPRESS?

"What, then, does the University expect of you? What does she ask of you? She asks that you embody in your lives the spirit of her life. So far as you have been trained by methods we call scien-

the hotel which "Sapho" has upon the outskirts of the people of this city is remarkable indeed. Notwithstanding the fact that the place has had at the Dweyer, the latter, it still fills the house nightly, however, was to be expected, because the earlier productions of the author, and the authors so much that the patrons of the house are glad to welcome such succeeding run of the play. The production used by Manager Stevens and his company is the most complete and complete has ever been used here, and the playing of Mr. Stevens, Miss Fanny Coghlan, and the other members of the company in their respective roles has been so good that of any other company which has produced the interesting play here.

"Sapho" will run until next Sunday night.

daughter, Mrs. Gracie De Wolf, who achieving distinction by her ingenious acting in the play of New England fame, styled "Way Down East." The daughters who have rejoined their father are Lovell and Jean, the former of whom is in the stage company. Alice Taylor, and who is enjoying her vacation at the close of a most successful season in the West, in which she played the leading female role in a stirring play, "The Man Who Rides," Miss Cartier, like her sisters, is gifted and versatile. Her sweetest gift, that of a voice of rare sweetness, which has been in no small degree cultivated, she has not appeared as a singer in public. She has, however, been successful as a reciter and a gazette writer, and is now resting, after a season of effort which has been rewarded with gratifying results.

Miss Taylor Taylor will spend the next weeks in company with her mother and sister, preparatory to returning to the theatre for the resumption of her personal work in the next season.

Miss Taylor is an actress capable of successfully delineating heroic and emotional roles, and her name has been prominently identified with some of the most recent creations of this nation.

Miss Cartier and Miss Taylor will be in New York about the middle June, where, after a sojourn at the shore, they will resume their respective professions of literature and
